1064/48885

ABSTRACT OF THE DISCLOSURE

A method and kit for detecting the presence of tumor cells in an animal by detecting expression of VEGF- B_{186} , determining an increased expression of VEGF- B_{186} , or by determining an increased expression of VEGF- B_{186} relative to expression of VEGF- B_{167} . The kit comprises a receptacle adapted to receive a sample and a means for detecting expression of VEGF- B_{186} from the sample. Also, a method for screening for anti-tumor agents.
